

BELIEFS

- All children deserve impactful, enriching educational experiences.
- Education has the power to transform lives.
- Socio-economic status should not be a barrier to families accessing quality programs.
- Data-driven organizations make informed, meaningful decisions.
- Innovative, intelligent partnerships are essential to solving complex problems.
- Educated children develop into supportive and engaged citizens.

VALUES

SUPPORTIVE

TRANSPARENT

MISSION

At Kids Can Community Center, our mission is to educate, engage, and inspire children through early childhood care and out-of-school experiences

MANAGED

ENGAGED

ACCOUNTABLE

RESULTS

- Children will be socially, physically, and academically ready to enter kindergarten.
- Children will strengthen academic competencies through hands-on experiences.
- Children will enjoy and engage in learning activities outside of school.
- Children will develop positive relationships with caring adults.
- Children will have ownership of their future learning and success.
- Families will have access to quality programs for their children.

STRATEGIES

- EDUCATE children to position them for future success.
- ENGAGE children and families in the learning process.
- INSPIRE children to be lifelong learners with the power to shape their future.
